Proverbs 9:10 The fear of the Lord is the beginning of wisdom: and the knowledge of the holy is understanding.

June 8, 2025

Dear Esteemed Donors,

Our school is reaching out to inform you of an urgent issue impacting our elementary building that requires immediate attention and support. Unfortunately, we are experiencing significant issues due to a leaking roof, which is compromising the integrity of the building and impacting the safety and comfort of both students and staff.

Our school is working with CW Parsons Reno Inc. located in Stony Plain, AB to help with the building repairs. We aim to have the roof repairs underway by the beginning of July and completed before students arrive in September. Ensuring that our building remains a safe, healthy place is crucial for everyone within its walls during the school year. As a small, independent Christian school educating K-12 students, we operate with 30% less in structural funding, and where other schools are provided capital funding for buildings and maintenance, we receive no capital funding from the government. Nevertheless, we pride ourselves on offering parents greater choice and involvement in their children's education while maintaining high academic standards with limited public support.

We understand the urgency involved in raising a significant amount of money in such a short period, yet we believe in the power of a united community to tackle any challenge. We are sincerely seeking your assistance with this urgent need. If skilled individuals are willing to volunteer their time, we would be grateful for their help. Every donation, no matter how small, makes a difference. All donations will receive a receipt that can be used for income tax purposes. By addressing these repairs, we ensure our students continue their education in a secure environment, allowing us to focus on future opportunities for enhancement and development.

Our targeted goal is to raise \$50,000, and your support will play a crucial role in reaching this milestone. The breakdown of this goal is as follows: \$37,800 for the roof repair and estimated \$12,200 for water damage repairs (ie: drywall, ceiling tiles, insulation, paint, etc.). In order to start construction, we need to raise \$19,000 by the beginning of July. We believe that with collective effort, this goal is achievable. Additionally, your prayers are warmly welcomed as we navigate this challenging time together. Please feel free to contact us if you have any questions or require further details. Your partnership is instrumental to our community's success, and we sincerely appreciate your consideration and timely assistance. Harvest Baptist Academy would like to recognize those donors who make a donation of \$250 or more by adding their name to a plaque that will be hung on display within the school.

Harvest Baptist Academy thrives through the incredible support of community members like you. Your interest in supporting our mission to provide a wholesome and enriching educational experience is deeply valued. Together, we are nurturing our students, not only academically and spiritually, but also ensuring they have the safe environment they deserve. If you are wanting to donate to our cause, please make a cheque payable to Harvest Baptist Academy or e-transfer to bookkeeper.hba@gmail.com. Please make sure you make a memo that it is a donation for the roof project.

If you have any further questions, please contact our Vice Principal at bbomersback@harvestbaptist.academy, or our Principal at naasgard@harvestbaptist.academy. Thank you once again for your unwavering support.

Sincerely,

Harvest Baptist Academy
